Nebahat è una giovane insegnante appena approdata in una scuola nel cuore di un villaggio rurale dell'Anatolia. Si rende conto che i suoi studenti faticano a raggiungere l'istituto: tra mille difficoltà, i ragazzi sono spesso costretti a ricorrere all'autostop con i trattori o con qualsiasi mezzo di fortuna. Così, la giovane insegnante chiede al Ministero dell'Educazione una navetta per la sua scuola, ma senza un autista il veicolo è inutile: sarà lei a proporsi per condurre il mezzo, ma un problema inatteso sconvolgerà i suoi buoni propositi.

Nebahat, a teacher in her 20s, has just been appointed to a rural village school in Anatolia. She realizes that her students are struggling to arrive at school, hitchhiking tractors, using whatever means they can find. She asks the Ministry of Education for a shuttle, but without a driver, the vehicle is useless. So, she decides to be the bus driver for her students but there is a small problem!
